Just the thing for new solo readers in this collection of five brief tales written by a 12 year old schoolgirl, featuring a rotund ginger tom and his feline pals. Humour is the essence of the stories in which Fat Puss finds an advantage to his shape: befriends a mouse: discovers he can swim; finds a swimming partner and celebrates Christmas, and it is highlighted by Colin West's zany line drawings on every page. Have a copy in every primary classroom.
