Shazia and Paula love football and play whenever they have the time. However, to get into the school team the girls know their biggest problem will be to convince Mr Crendon, the PE teacher, that they can play as well as the boys. *Kick-off* challenges our preconceptions, yet the sexist issues it confronts are well-integrated into an exciting, very readable and fast-moving story. An especially telling moment comes when the girls overhear what the boys really think of them. Not just for the football enthusiast - this is a splendid read for everyone.
