BfK Rating:

0

This is Hughes' third volume of creation stories and the most disappointing. The flair and ingenuity of the two earlier volumes is missing, replaced with convoluted plots and a far less convincing central character. God has become a defeatist, a grumbler - where is the glorious anarchy of **Tales of the Early World**? The stories tend to be too long. Sheer volume of narrative doesn't convince the reader as much as the taut, ironic humour did in the earlier collections.

Running Order:

24
